

PEZZI SPECIALI

SPECIAL TRIMS

La serie metro si completa con i suoi pezzi speciali in gres porcellanato smaltato. Sempre più richiesti, sia per questioni di igiene e sicurezza, che per il loro valore estetico, facilitano la posa e donano un gusto squisitamente retrò agli ambienti.

Special trims in glazed porcelain stoneware integrate metro range. They are more and more demanded, both for safety and hygienic matters and for their aesthetic value. Special trims simplify the laying and give a delightful retrò taste to the settings.
