La Collezione  
si compone di  
6 decori  
declinati in 2  
varianti colore.

This Collection is composed by six  
motifs available in two colours.

La luce,  
specchiandosi sulla  
superficie gioca  
a rimpiazzino tra i  
pieni e i vuoti del  
disegno.

Light, reflecting on the tile surface,  
seems playing hide and seek with the  
pattern self.
